

**CIRCULAR.NO.25/AMW/EODB/2020**

**Dt:09/11/2020**

Sub: TSIIC – Allotment of lands in TSIIC Industrial Parks and Special Economic Zones through Allotment Tracker – Instructions – Issued – Reg.

Ref: 1.Reform No.45 of State Reforms Action Plan 2020-21 of DPIIT, GoI  
2. Zonal Manager’s conference held on 28/10/2020 in TSIIC Head office.

<<o0o>>

Kind attention of Zonal Managers is drawn to Zonal Manager’s conference held on 28/10/2020. The new reforms of the Government of India in providing approvals / permissions to industry in a hassle free manner have been discussed in detail. The online single window system (<https://ipass.telangana.gov.in>) developed has the features such as submission of online application, payment of fees, tracking the application status, downloading the final signed certificate and third party verification without the need of any physical touch points / physical visit to the department. The single window system is made mandatory hereafter for processing the applications received for Land Allotment online to facilitate Ease of Doing Business.

In pursuance of the said Reform.No.45 of State Reforms Action Plan 2020-21 of DPIIT, GoI, TSIIC has developed Allotment Tracker System and integrated with the single window system of Telangana (i.e, TS-IPASS).

TSIIC has been already following online application system, payment of fees tracking the application status, downloading the final signed order. Hence, it is decided to incorporate other features such as third party verification (i.e., to view the approval / order / permission based on the allotment number given to the allottee) and mandating entire allotments through Allotment Tracker. A copy of the provisional allotment orders shall also be served to the registered address of the applicant through registered post with due acknowledgment. The timelines mentioned in the Allotment Tracker shall be followed strictly by all Zonal Managers.

Contd..2

Further, the data pertaining to all old allotments along with respective documents shall be uploaded in the Allotment Tracker by all Zones at the earliest possible and submit compliance report to the VC&MD.

Any deviation of the above instructions will be viewed seriously.
